

STEP ONE: DOWNLOAD UPSTREAM & COMPLETE KYC

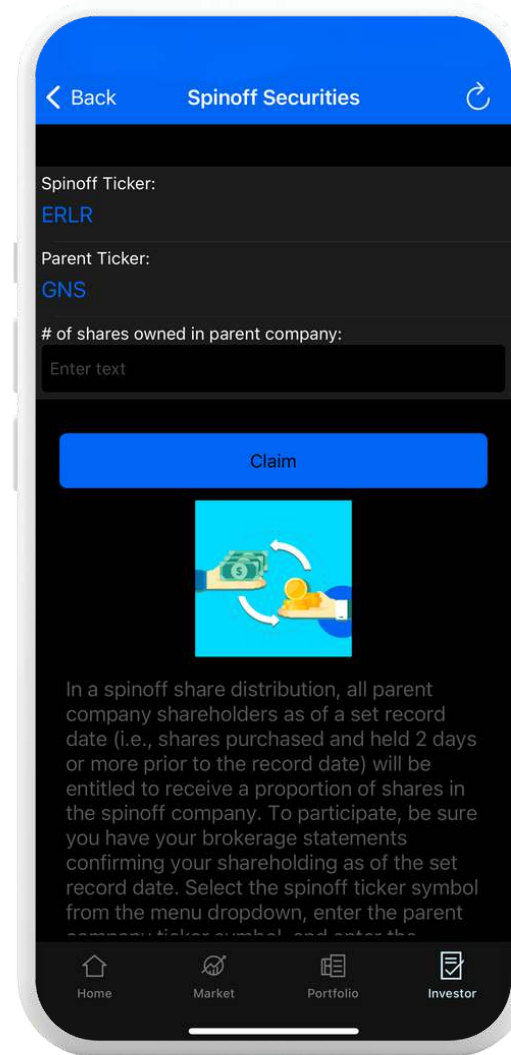

1. Download Upstream from the [Apple App Store](#) or the [Google Play Store](#) and tap Sign Up.
2. Complete KYC identity verification by tapping the settings icon at the top right of the app home screen and tapping KYC. Have an ID handy. KYC reviews typically within 2-4 business days.

STEP TWO: REQUEST YOUR SHARE DISTRIBUTION

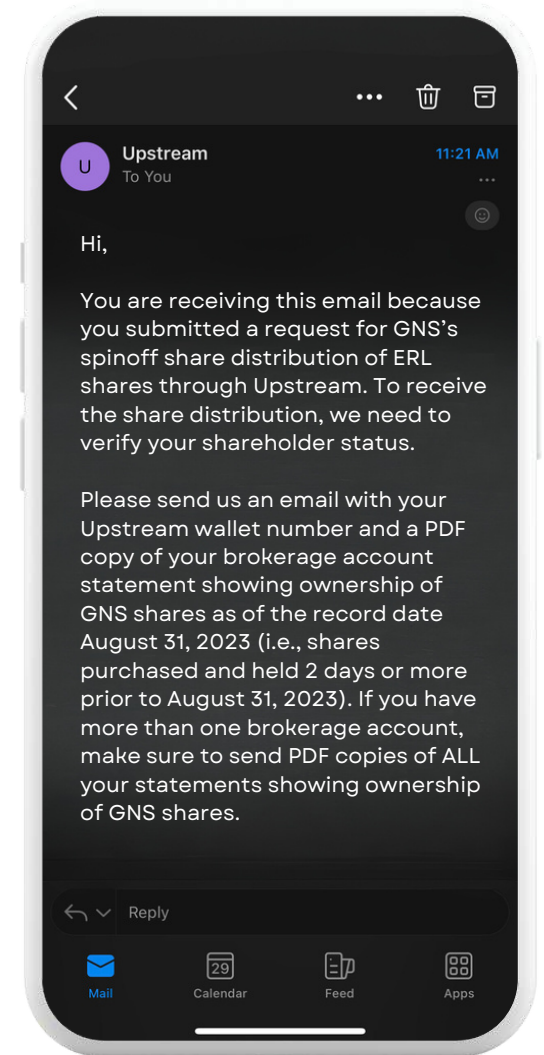

Once you have your brokerage statements confirming your shareholding as of the record date August 31, 2023, please proceed to claim your shares on the Upstream app. Be sure your KYC identification has been approved on Upstream.

On the Upstream app, tap Investor, Manage Securities, then tap Spinoff Securities.

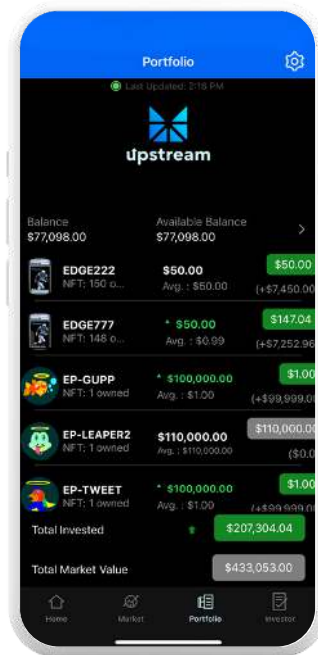

Select the spinoff ticker symbol “ERLR” from the menu dropdown, select the parent company ticker symbol “GNS” and enter the number of shares owned in the parent company “GNS” as of the record date August 31, 2023. Tap Claim.

Upstream will send you an email to verify your shareholding by sending a copy of your brokerage statement(s) via email showing your GNS shareholding as of the record date August 31, 2023.

STEP THREE: RECEIVE YOUR SHARE DISTRIBUTION

NON-U.S. SHAREHOLDERS

Once your shareholding has been verified, your ERL share entitlement will be automatically deposited into your Upstream Portfolio under the ticker symbol ERLR. You'll receive a push notification in the Upstream app announcing their delivery. Shares may take up to 4 weeks to post to your Upstream portfolio.

All shareholders will receive restricted shares in ERL under ERLR, which may be eligible for removal of restrictions and traded on Upstream six months after the share distribution date, if certain requirements are met.

U.S. SHAREHOLDERS

[Click to view the ERLR cap. table](#)

If you're a U.S. shareholder, your spinoff shares **WILL NOT BE DEPOSITED** to your Upstream account once verified. U.S. shareholders' entitled shares will instead be securely held in book entry on the ERL capitalization table as restricted shares. U.S. shareholders may check their balance anytime by [clicking HERE](#) and searching their Upstream account/wallet number. Your Upstream account/wallet number starting with OX can be found at the top of the home screen on the Upstream app.

U.S. shareholders shall not be permitted to trade their ERL securities after 6 months on Upstream as no U.S. person is approved to trade securities on Upstream at this time. U.S. ERL claimants shall remain ERL shareholders and may only trade their securities if ERL lists on a secondary trading venue that permits U.S. persons to trade securities, or until such time as a U.S. person may trade on Upstream, although there is no guarantee that U.S. persons will ever be permitted to trade securities on Upstream.
